

DAR Genealogical Education Program

Guidelines for Forum Use

1. Be polite.
2. Be Respectful. Respect your fellow learners and the Staff of the Office of the Registrar General. These forums are not to be used to criticize fellow learners, other Registrars, or staff members.
3. Please post any questions, comments or ideas that you have about the content of the lesson, but please do **not** post answers or hints for the graded quiz questions.
4. These forums are to discuss issues related to preparing applications and supplemental applications. If you have already submitted an application or supplemental application and have received a letter from a DAR Staff Genealogist, please communicate directly with that staff member and do **not** post questions about those issues to these forums.
5. These forums will be monitored by the staff of the Office of the Registrar General. Any inappropriate posts will be removed from the forum. Habitually submitting such posts may result in your failure to successfully complete the course. In that event, no refund of the registration fee will be given.
